A CRYPTO CURRENCY FOR GAMERS, BY GAMERS
Welcome to MMOCoin!

MMOPro, a gaming community/forum, was founded in 2008 and is still serving as one of the best gaming forums. In 2018, the MMOPro team launched MMOCoin to adopt blockchain technology and create its own use-case with an escrow system. After a successful launch of the marketplace, the MMO team decided to migrate from its own native blockchain to Binance Smart Chain, which is currently the best growing blockchain with many consumers.

The migration will bring a new platform and use-case(s) for MMO, which will lead to MMOSwap (DeFi) and Decentralized (NFT) Market Place.
MMOSwap is going to take MMOCoin use-case to a new level, MMOSwap is decentralized exchange running on Binance Smart Chain and have lots of features such as yield farming, liquidity provider profit in liquidity token etc. It’s automated market maker (“AMM”) allows two tokens to be exchanged on the Binance Smart Chain.
